Your donations go to help cats like Arthur...

Arthur

We rescued Arthur out of the bitter cold this winter.

He was starving and suffering. His mouth was inflamed, most of his teeth were missing or rotted and infected preventing him eating.

His ears are so scared from fighting and scratching out ear mites that they are deformed. His hair was filthy and matted.

Your donations make it possible to give him a life of comfort and kindness.

Better Days Rescue Fund is a 501(c)3 charity. BDRF takes in special needs cats that most rescues will not, we are their only hope of a better life. Please help us end the suffering of abandoned cats in the greater Woodbury area. To learn more about the work we do, or to donate on-line, visit our website:
